

## FIRST TELECOM INDUSTRIES:

### PUBLIC DECLARATION

First Telecom Industries is fully committed to sustainability as evidenced by our participation in The Zero Carbon Project. We believe in transparency and accountability, which is why we provide the following information regarding our carbon emissions, progress, and targets.

#### Progress Report:

Our progress and processes are meticulously documented and reported in the group's annual sustainability report.

Our CNC Factory is actively exploring the feasibility of installing solar panels. This initiative aligns with our commitment to reducing carbon emissions and supporting The Zero Carbon Project.

#### Carbon Emission Figures (Scope 1 and Scope 2):

	Base Year - 2019	Most recent Year - 2023
Scope 1 emission in Tons	574	520
Scope 2 emission in Tons	914	937

#### Carbon Intensity Reduction:

Our CO<sub>2</sub>e intensity (per unit of sales) has been reduced by an impressive 45% from 2019 to 2023. Targets:

Our ambitious target is to further reduce CO<sub>2</sub>e intensity (per unit of sales) by an additional 5% to achieve a total reduction of 50% by the year 2025.

We are proud of our achievements thus far and remain committed to continuous improvement in our sustainability efforts.

Thank you for your attention to our sustainability endeavors.

Sincerely,
